## TAFT CONTINUES TO ANNEX DELEGATES BY UNANIMOUS VOTE

### Arkansas and Florida Placed in the President's Column; Flynn Exudes Peace

#### HOW POLITICAL POT BOILED

Republican National Committee decided contests by placing on temporary roll of national convention to credit of Taft the following: Third Arkansas District, two delegates; Fourth Arkansas District, two delegates; Fifth Arkansas District, two delegates; Seventh Arkansas District, two delegates.

Two delegates from Sixth Arkansas District uncontested; classed as "instructed."

Florida cases taken up this afternoon, six delegates-at-large being credited to Taft by unanimous vote. Florida First, Second and Third district delegates (six) credited to Taft.

More than a score of extra police guard Coliseum Annex in anticipation of riot due to presence of Roosevelt lieutenant, William Flynn, of Pittsburgh.

Flynn later makes denial that he is in Chicago "to start a rough house." Flynn also parries query of possible bolt by Colonel's followers.

Roosevelt promises peppery statement in regard to alleged steal of delegates.

Unanimous votes again mark crediting of contested delegates to President Taft.

CHICAGO, June 8.—Sixteen of the eighteen delegates from the state of Arkansas have been added to the "Taft column" by the Republican national committee, eight by yesterday's decisions and eight by today's. Two delegates, those from the sixth district, were uncontested and classed as "instructed."

Early this afternoon the Florida delegation-at-large, six delegates, went in the Taft column.

The only serious fight today, culminating in a test vote of 42 to 10, was over the contest in the fifth district; the majority stood solid and decided it for Taft. Lyon of Texas and Bleber of the District of Columbia were listed as "not voting." Senator Borah, who has thus far led the Roosevelt contingent, was not present this morning even by proxy.

The Florida cases were taken up early this afternoon. The contests covering the entire state delegation, presented a complex situation, there being one Taft and two so-called Roosevelt delegates at large in the first district.

Taft was awarded the two delegates from the Third Congressional district of Arkansas in the first decision of the Republican national committee today. The third district decision was unanimous—51 to 0.

The Fourth Arkansas district Taft delegates, two in number, were seated by unanimous decision, 48 to 0. Committee man Dupont of Delaware, who has thus far voted with the anti-Taft people, made the motion.

A motion by Committee man Burman, Kentucky, a Roosevelt man, to seat both factions in the Fifth Arkansas district, with one-half vote each, was defeated, 40 to 0. The seating of the Taft delegates was then confirmed by a viva voce vote.

The Seventh Arkansas district, two delegates, were credited to Taft by unanimous vote.

UNANIMOUS VOTE.

The case of the six Florida delegates-at-large was decided by unanimous vote.

## Senate May Recess During Conventions

Solons Plan to Take Three Days Off to Watch Chicago and Baltimore.

WASHINGTON, June 8.—A series of three-day recesses of the Senate during the two weeks to be covered by the Republican and Democratic conventions is probable. Conferences on this course were held today among the leaders of both sides of the Senate chamber.

## 25 Men Killed in Card Game Fight in Virginia

NASHVILLE, June 8.—A special from Johnson City says twenty-five men were killed at Dante, Va., a mining town, in a fight which started over a card game. Miners and mountaineers were arrayed against each other. It is reported the dead men are Italians and mountaineers living in Dante. The fight is said to have ensued when the Italians charged the mountaineers with trying to cheat them at cards. Pistols were brought into play and practically every man engaged in the game is said to have lost his life. Other victims were bystanders.

## WORDY WAR HALTS TRIAL

### Four Attorneys, Judge and Witness Shout at Once in Darrow Case

### Franklin Grilled, Witness Is Squelched and Judge Scored All in One Day

LOS ANGELES, June 8.—Pandemonium reigned for a few moments at the bribery trial of Clarence S. Darrow soon after the trial was resumed today, when four attorneys, the judge and the witness were trying to make themselves heard at the same time.

Bert H. Franklin, the state's witness, was on the stand undergoing a particularly severe grilling by Attorney H. H. Appel of the defense and had given a sharp retort to a pressing query.

Judge Hutton, addressing the witness, informed him that his remarks and language were improper and a reflection upon counsel.

Assistant District Attorney Ford interrupted the court, shouting that he took an exception to the court's commenting on the attitude of the witness.

Rogers and Appel of the defense and District Attorney Fredericks then joined the controversy, above the din of which could be heard the voice of the witness endeavoring to assure the court that he meant no offense to counsel for the defense.

UPROAR QUIETED.

Judge Hutton finally quieted the uproar, saying the court was perfectly able to control the situation. The defense brought out an important point during the attack on Franklin's testimony in the early hours of the session by showing that Franklin had gone about protesting the innocence of Darrow after he had made his confession to the prosecution and even after he had testified against Darrow before the grand jury.

The defense succeeded in compelling the witness to produce a leaf from his diary giving the date of his appearance before the grand jury. It was on January 20, 1912, five days before he made his confession to the United States prosecutor Oscar Lawler and Assistant District Attorney Ford.

The prosecution objected to every question asked the witness, but almost invariably the ruling of the court was favorable to the defense.

FRANKLIN IS DRAMATIC.

After a long series of questions by Attorney Appel, tending to draw from the witness his reasons for defending Darrow, he produced a dramatic effect against him before the authorities. Franklin replied dramatically:

"I had hoped against hope that Mr. Darrow would be able to clear himself of the charge and continued hoping so until I took this stand."

"Even though you had already told the grand jury that Mr. Darrow had given you the bribe money?" asked Appel with a sarcastic smile.

The witness did not answer. Franklin appeared haggard and worn when he appeared in court today and his long-maintained composure was not much in evidence after a few searching questions had been directed at him by Attorney Appel.

The long examination also appeared to have similar effect on counsel for both sides as indicated by acrimonious charges shot back and forth along counsel's table.

After many objections by the prosecution had been made and overruled, District Attorney Fredericks and Assistant District Attorney Ford got up from the table and went into the hall, leaving Deputy District Attorney Keetch for the time to look after the interests of the prosecution.

There was another outbreak by Franklin just prior to the mid-session recess.

Being by the ironic tone of a query by Attorney Appel, Franklin almost leaped to his feet.

"Object," he protested, addressing the court, "to counsel putting words into my mouth I never uttered and to his insult, and if the court does not protect me, I'll protect myself."

CABANISS SUBPOENAED.

SAN FRANCISCO, June 8.—Superior Judge Cabanis was this morning subpoenaed to appear at the trial of Clarence Darrow, whose trial on a charge of jury tampering in the McNamara hearing is proceeding in Los Angeles. Judge Cabanis is being summoned by the defense, and a note from Attorney Earl Rogers, chief counsel for Darrow, accompanied the subpoena.

The presence of the jurist is desired by reason of the fact that he was sitting for Superior Judge Willis in the southern city at the time Bert Franklin, star witness against Darrow, pleaded guilty to jury bribing. It was Judge Cabanis who administered a fine to Franklin.

## MABREY FOES OUTGENERALED; HAYWARD HAS A DONNYBROOK

## 500 MIX IN FRACTIONAL FUSS

### Women Scream; Men Hoot, Lie Passed, Lights Out, and Constable Called

### Chicago Convention Will Have Nothing on Rally Which Vindicates Mabrey

WHAT HAPPENED AT HAYWARD.

Five hundred attend mass meeting.

Mabrey supporters pack hall.

Chairman orders them out.

Women scream, men hoot, and window breaks.

Walker called trustee Armstrong a liar.

Chairman sends for constable.

Fire commissioner declares building unsafe.

Panic empties the building.

Reconvenes at N. S. G. W. Hall.

Somebody put out the light.

Miss Hattie Rice suggests that Mabrey's rawhide be used on assemblage.

Mabrey is given a vote of "explicit confidence."

HAYWARD, June 8.—E. N. Mabrey, principal of the Hayward grammar school, was again vindicated of the charges of excessive flogging of pupils at a mass meeting last night, which several times approached a riot. After speakers for and against the retention of Mabrey as principal of the school had been heard, the gathering, numbering more than 500, voted affirmatively to a motion put by William Angus, millionaire and president of the Hayward Chamber of Commerce, that "we have explicit confidence in Principal Mabrey and the board of school trustees."

The board had been bitterly criticized by Attorney Herman G. Walker and R. Reid, member of the board of high school trustees and chairman of the evening.

Long before the arrival of those who had called the meeting "for considering ways and means of having Principal Mabrey removed" had arrived at the city hall the principal's supporters had packed the place, all wearing badges with Mabrey's name upon them. The stairs leading to the hall were also jammed and a large overflow crowd was assembled on the sidewalk and streets outside.

HOOTS AND JEERS.

When Chairman Reid finally called the meeting to order and asked those in sympathy with the Mabrey regime to leave the hall, saying, "This meeting was called for the purpose of deciding upon some plan to have Mr. Mabrey removed from the principalship and not to listen to the arguments of his supporters in his behalf," the first uproar of the evening started.

Women screamed and hooted with the men. To add to the tumult a resounding crash was heard when a window was broken. It was several minutes before order was restored. The chairman's request was not complied with. Reid was visibly nervous, having been told before the meeting that he would be thrown out of the hall.

Reid made arrangements to have the city marshal and Constable William Ramo present, but they did not appear for some time. A number of prominent men took a hand in denying the charges made by Reid against Mabrey, among them being Rev. B. Dent Taylor, R. H. Brunner, Attorney P. J. Crosby, Captain J. J. Borres and F. I. Lemos, president of the grammar school board.

LIFE IS PASSED.

A scene of great disorder was enacted when Attorney Walker, who filed charges of wholesale thrashing against Mabrey with the trustees, called City Trustee J. D. Armstrong a liar.

Walker, in the course of his remarks, charged that children at the school were subjected to inhuman thrashings for nominal offenses. "Thirty children were punished on one day for quenching their thirst on a warm day," said the speaker. "If you want your children to learn to lie that they may escape floggings, keep them at school."

## TAUNTED BY HIS WIFE, NEGRO SHOTS HER DEAD

### Charles de Witt Harris Kills Woman and Then Gives Himself Up

Angered by the reproaches of his wife, Charles de Witt Harris, a negro janitor, this morning murdered the woman in their bedroom at 1737 Fourteenth street by shooting her through the head with a 38-caliber revolver. After awakening another lodger in the same house, Charles B. Marshall, and telling him not to permit any one to go into the room, Harris walked deliberately to the police station and surrendered himself to Sergeant William Woods.

"I have killed my wife," said Harris. "I want to be locked up."

The negro was taken before Acting Chief Walter J. Peterson and made a detailed statement concerning an altercation as the couple were arising this morning, which culminated in his flying into a rage and shooting Mrs. Harris through the brain. Harris was placed in detention and a charge of murder will be placed against him Monday.

BODY IS FOUND.

Inspectors H. E. Green and William Kyle were detailed on the case and hurried to the place. They found Mrs. Harris lying half dressed across the bed with a bullet wound through her brain the missile having entered from behind the right ear. The body was removed to the morgue.

"My wife has been married before," Harris told the police. "She has a son who is a grown man, and he has continually interfered with our affairs. This morning my wife and I got into a quarrel over the affair and I told her I was tired of her and of the interference of her relatives. 'Better kill me,' she taunted, taking my revolver from under the pillow and throwing it to me. 'I was mad with rage and I took her at her word. She fell back across the bed.'"

THOUGHT IT JOKE.

"Nobody was awake. I went across the hall and awakened Charles B. Marshall and told him I had killed my wife. He thought I was joking at first, but I convinced him. Then I came and gave myself up. I do not care what they do with me. I was tired of life."

Harris is 52 years of age and his wife, Mrs. Mary Josephine Harris, was about 50. The two had been married about eleven years. Harris has been in trouble with the police before, having been arrested for minor offenses.

## WAR VESSEL SENT TO BOTTOM

### Collision Occurs in French Naval Maneuvers Off Cape Hague

### Battleship St. Louis at Full Speed Crushes Vessel in Its Path

CHERBOURG, June 8.—The French submarine Vendemiaire was sunk today in collision with the battleship St. Louis. The submarine was cut in two. It is feared that the whole crew of 26 was drowned.

The accident occurred during the practice maneuvers of the French fleet between England and Cape Hague, where vicious currents prevail.

The battleship was steaming along under her bows. There was no time to avoid a collision. The St. Louis struck the submarine with terrific force, driving the latter below surface. The engines of the warship had been reversed, but when she was brought to a stop the submarine disappeared.

The Vendemiaire was commanded by Lieutenant Prioul, a young ensign, and a crew of 26 men. She was launched July 7, 1910, and was the ninth vessel of the Pluviose type added to the French navy. She was 187 feet in length with a beam of 16 feet.

Admiral Klotz, maritime prefect, Cherbourg, hurried to the scene on the destroyer St. Catapulte, accompanied by dispatch boats, tugs and other vessels with complete salvage apparatus. Work was also sent to government at Paris, and a messenger received here states that minister of marine, M. Delcasse, departing for Cherbourg.

FRANCE UNFORTUNATE.

This latest loss to the French navy has caused great distress, not only throughout the service, but among the public generally, which has been so frequently to mourn naval disasters. No other navy has been so unfortunate in the matter of submarines.

The Vendemiaire is the sixth craft of this type to be lost by the French. The Pluviose was run down by a German steamer and lost with her crew of 27 men on May 18, 1910.

LITTLE HOPE OF RESCUE.

There was a glimmer of hope that some of the Vendemiaire's crew might survive, but owing to the depth of the water in which she sank—25 fathoms—the general feeling is pessimistic.

When the wrecking vessels reached the scene preparations were made for an effort by divers to reach the submarine and attach chains to the hull in her hull to raise her to the surface.

The maneuvers were those of the third squadron. The submarine was at Cherbourg station had received orders to attack the warships, and it was during one of these attacks that the Vendemiaire made the fatal error of getting directly in the path of the St. Louis.

Teddy is going to Chicago. He said it was a thousand chances to one that he would not be present when the convention assembled, but the one chance outweighed the thousand when the test came. Naturally the prospect of a row attracted the Colonel, who loves a scrap and is never so happy as when mixing in one.

John R. Early, a discharged Federal soldier, went to August, 1905, from North Carolina to Washington, D. C. to stand for a pension claim on account of malaria contracted in the service. While there he called on a physician regarding a skin disease which was pronounced to be leprosy. Every one knows how Early has since been treated by the American people, his fellow-citizens—quite like an outcast. It was recently reported that "John Early, supposed leper, has been driven out for the last time; and Tacoma, in Washington state, has done the driving out." At first it was intended to fence Early within his acre of land outside Tacoma, thus shutting him from contact with any other person. There were sympathizers with him who petitioned against the idea of that fence and on the parking in evidence of some newspaper's article, the order of the city passage was withdrawn. The city council then refused to issue a restraining order against the erection of the barrier. The national authorities then found a permanent refuge for Early at the Fort Townsend quarantine station; and, it is said, "satisfied that he could do no better, he has left the world, and has gone to attend an undoubted leper in that station. His wife and three children will live as near to him as possible," and he will be able to aid them from the small nurses salary of \$65 that magnanimous government will pay him. \$30 pension being added on account, not of leprosy, but of the malaria contracted in the Spanish War.

Now, without entering into the controversy of experts on the subject, for the purposes of argument, let leprosy be presumed in Early. Leprosy is slowly developing, slightly infectious disease, comparable in many respects to the scum of the skin. If from the beginning Early's infection had been pronounced a form of tuberculosis, who would have paid the slightest attention to it? Yet the opportunities for the ordinary tuberculous patient to communicate his disease are many times greater than the opportunities for the leper to infect with leprosy, which is communicable only with difficulty.

to get to England doubtless he will lose no time in hunting up J Bruce James and swapping opinions of the U. S. A. Of the James lost his fight for temporary chairman in Kentucky. They don't seem to have much respect out there for a mere senator-elect.

## PLANS TO LOWER COST OF LIVING

Mrs. M. B. Flagg Suggests the Establishment of Market Places.

LOS ANGELES, June 8.—Members of the Friday Morning Club, the largest organization of women in the state, are discussing with much interest today a plan outlined by Mrs. Mollie Block Flagg of Turlock for lowering the cost of living. The central idea in Mrs. Flagg's plan is the creation of a state produce commission and establishment of public market places.

Under the supervision of this produce commission public markets would be established in every city and town in the state. These market places would be open to the farmers, and middlemen who are said to be primarily responsible for high prices, would be eliminated.

Mrs. Flagg is a representative of the State Produce Exchange League, which is now circulating petitions to initiate a state produce commission law.

## DREDGER ARRIVES FOR WORK IN HARBOR

Electric Suction Mechanism Is Brought Here for Western Waterfront.

WILL THROW OUT 10,000 CUBIC YARDS EACH DAY

Many Vessels at Local Docks; Cargoes Discharged and Taken On.

Completing a 72-hour run, the North American Dredging Company's electric suction dredge, Long Beach, Captain Olson, has arrived here from San Pedro. The Long Beach is the first dredge to arrive here for the work of deepening the western waterfront. The newly arrived dredge is being towed to a wharf, having some minor repairs attended to, although it will probably be necessary to stop in the way for general overhauling before beginning her operations on the local waters. It is hoped to have everything in readiness for the dredge to begin work in about a week or ten days. At present poles have been driven out from the shore to a point about 800 feet from the beach. These poles are wired and will furnish power for the dredger's operation, the electricity coming from the Great Western Power Company's plant.

It now but needs the completion of the pipe line for transmitting mud from the end of the proposed channel to "fill-in." At the rate at which the pipe line is being run it is hoped to have it in readiness for operation in about a week. The pipe line is being run along the north side of the Long wharf, being held in place by wood braces. According to the officers of the Long Beach, the dredge is capable of throwing out from 6000 to 10,000 cubic yards of mud a day. At this rate something over 2,000,000 cubic yards of mud will be taken from the channel and put in the "fill-in" in a year. With several other dredges capable of handling a like amount of work, the big job should be finished in several years.

The British steamer Wellington, Captain McCarthy, completed her coal discharge at the Western Fuel Company's bunkers and shifted over to the San Francisco side to provision for a run north to Nantahala. She sailed late last evening for her northern destination. The vessel will pick up a coal cargo for local consumption.

REPAIRS COMPLETED.

The repairs to the steamer Nann Smith were completed at the United Engineering Works and the vessel shifted over to the San Francisco side. She provisioned on the other side and then sailed for home. She was in charge of Captain Olson.

The big tramp steamer Leelanaw left the ways of the United Engineering Works and tied up alongside the company's wharf, where she is having her wheel lightened. The steam schooner Gualala took her place on the ways this morning for the Leelanaw this morning for a general overhauling.

The schooner Sausalito was shifted from her berth at the Hogan Lumber Company's wharf to one alongside the city wharf at the foot of Webster street by tug of the Oakland Launch and Tugboat Company. She is completing her loading of lumber.

After loading freight at Long wharf today the steamer Hanaia, Captain Hamman, shifted over to San Francisco side to complete her loading for the south. She came from San Pedro.

SCHOONER ARRIVES.

The steam schooner Point Arena was the only arrival in the long harbor yesterday. She is at the Hogan Lumber Company's wharf discharging a lumber cargo.

The schooner Sausalito was shifted from her berth at the Hogan Lumber Company's wharf to one alongside the city wharf at the foot of Webster street by tug of the Oakland Launch and Tugboat Company. She is completing her loading of lumber.

The steam schooner Washington sailed yesterday morning from the inner harbor. She shifted across to the San Francisco side.

The steamer Montana completed her unloading of lumber and shifted across to the San Francisco side. Vessels at Long wharf yesterday included the steam schooner Noyo, Captain Johnson, from Eureka, discharging lumber, and the schooner Sausalito, from Eureka.

RESENTED REMARKS CONCERNING WOMAN

SAN FRANCISCO, June 8.—Because he resented what he deemed an insult to the lady whom he was escorting, Charles M. Schooley, a private in the 188th company, coast artillery, was pummeled early this morning and had to be taken to the Harbor Hospital. He alleged assailant, Charles Lewis, was arrested and charged with battery. Schooley's companion were walking along Kearny street when he claims Lewis passed and said something to the woman of which he did not approve. He called Lewis to account but the latter proved the better fighter and Schooley went down before a blow in the face.

LA CROSSE, Wis., June 8.—The inquiry into the death of Bernice L. Godard, the 17-year-old girl who was shot down on the steps of her home on the night of June 3 by Charles Bonner, a jealous admirer, was held yesterday by Coroner T. B. W. Leland.

The jury found Bonner responsible for her death and in its verdict made the recommendations that the purchase of firearms be limited. The verdict, after stating that the girl died from the effects of a gunshot wound, reads:

"We further find that Bernice L. Godard came to her death at the hands of Charles Bonner and we charge the said Charles Bonner with the crime of murder."

"The crime committed in this case brings forcibly to the attention of the jury the ease with which firearms may be purchased by irresponsible persons."

"We, the jury, therefore recommend that proper legislation be enacted whereby indiscriminate purchase of firearms by irresponsible persons will be restricted, and that a permit be obtained for said purchase from the chief of police or other proper authorities before said purchase can be made."

Bonner had been subpoenaed to appear at the inquest and was present in charge of detectives, but when asked to testify by Coroner Leland, refused to do so on the advice of his attorneys. The witnesses included the members of the Godard family, actual witnesses of the shooting and the police officers who arrested Bonner. Nothing that has not already been published about the crime was adduced.

## FORGER TRAPPED; EXCLUSIVE HOTEL

'Jack' Taylor Poses as C. W. Clark With Disastrous Results.

DEL MONTE, June 8.—Because Charles W. Clark, the San Mateo millionaire and son of Senator Clark of Montana, happened to be a guest at the Hotel Del Monte, the spectacular tour of California watering places which "Jack" Taylor, actor of a prominent Los Angeles family, planned, came to an abrupt and disgraceful finish. Taylor is now in the Santa Cruz jail, charged with passing fraudulent checks for the reason that he chose to impersonate the Montana millionaire at a most inopportune time.

Taylor arrived at Del Monte on Tuesday, accompanied by J. J. Pottinger of the Mechanical Installation Company, 151-153 Second street, San Francisco. Mrs. Pottinger and Z. F. Coltrin, ten days ago he hired Coltrin's machine in San Francisco and started on his spectacular tour. The tour took the party to Stockton, Byron Hot Springs, San Jose and Santa Cruz. The party wound up at Del Monte, where Taylor and Coltrin dined lavishly at all points. Reports from the various hotels state that Taylor nonchalantly wrote check after check, signing the name of C. W. Clark, without a quiver. These checks will probably aggregate \$1000. Most of this amount was spent on wine in the resorts Taylor visited.

Taylor dined and dined with his usual lavishness while at the Del Monte. Early Thursday evening he opened many bottles of "bottled sunshine" and tossed generous tips to the hotel attaches. But when he was asked to sign a check for his name with that of the San Mateo clubman, who was also a guest at the hotel, Manager Warner's suspicions were heightened when he heard G. S. Holmes of the Grant Hotel of San Diego address Taylor by his right name.

Taylor admitted his identity when confronted by Manager Warner, and was immediately placed under arrest on a warrant served out by Manager Warner of the Stockton Hotel. He had only 25 cents on his person when arrested.

The Pottingers and Coltrin could not raise enough money between them to pay for the gasoline consumed while at the hotel. Pottinger endeavored to get in communication with his mother, who resides in Piedmont, but failed. Coltrin succeeded in borrowing enough from local chauffeurs to pay the bill and he and the Pottingers were permitted to leave the hotel.

Sheriff Traflet of Santa Cruz county came to Monterey and took Taylor to Santa Cruz, where he will be prosecuted by the manager of the Casa del Rey. Other hotel managers are also anxious to prosecute Taylor and will be assisted by the State Hotel Men's Association.

MINERS ARE RUSHING TO PINE CREEK STRIKE

CHICO, June 8.—Scores of prospectors are leaving Chico daily and another party of twelve left yesterday for the scene of a new placer strike made by Chico men on the Oregon-California boundary in the Pine Creek region, near Lake View.

Charles Tovey, Ralph Diller and Charles Kempf, well known Chico placer miners, were the discoverers of the reported strike, which they had kept secret for some time. Fifteen hundred men are reported already at the new camp. A premium has been placed on the services of miners. Another large party of prospectors is being formed to leave Chico in a few days.

## DR. GEORGE HOUGH SUCCUMBS ABROAD

Death Comes Suddenly to Divine, Following Attack of Appendicitis.

LOS ANGELES, June 8.—The world tour of Rev. George A. Hough, pastor of Grace M. E. church, San Francisco, and former associate pastor of the First Methodist church of this city, came to a sad end yesterday in Paris. The noted preacher died following an operation for appendicitis. His mother, Mrs. Helen Hough of this city, received a cablegram from Dr. Hough's wife, who is in Paris. Last July Dr. Hough was granted two years' leave of absence by the Northern California Methodist Conference to enable him to accept the companionship of a steamship company, which was conducting a special excursion tour around the world.

He left New York late in the summer and completed his tour of the world at San Francisco several months ago. He and Mrs. Hough left San Francisco on the second tour three months ago and after visiting the Philippines, China and other Oriental countries, made an extensive tour of the Holy Land. Several days ago they arrived in Paris and Dr. Hough was stricken with appendicitis. An operation was the only hope of saving his life, but he failed to rally and died early today.

AGED MAN, ILL; TAKES OWN LIFE

SAN FRANCISCO, June 8.—Dependancy born of continued sickness caused the suicide during the night of William Bonham, 77 years old, a retired lumberman who resided at 1115 Golden Gate avenue. His son, Charles Bonham, a tailor, detected the odor of gas coming from the door of his father's room at 9 o'clock this morning. The door was broken down and Bonham was found in bed with the tube stretched to the gas jet in his mouth. He left no note or other explanation of his act.

By command of King George, July 1st had been selected for the performance of Macaluso's songs at the Palace Theater, which was to take place as one of the coronation festivities, but was countermanded owing to the flu in Edinburgh Music Hall. A story is going the rounds that when the list of artists was submitted to royalty for approval, the Queen noticed that the name of Miss Lloyd was absent, and asked why. It was, diplomatically suggested that Her Majesty's taste might be offended by certain characteristics of this popular performer. "Nonsense!" said the Queen, and Miss Lloyd's name was inserted on the program.

Another story is that Harry Lawder's name was among those originally selected. Later it was erased because the canvass foot asked for his traveling expenses from Aberdeen, where he was to appear July 1st, be defrayed. The selection committee considered that the honor of appearing at a coronation performance ought to be adequate remuneration. The

"This my reward—I breathe the air  
Blest by Francisco's praise and prayer,  
Made holier still by silver swell  
From many a dulcet mission bell;  
I have my part in snow-capped peaks  
From whose grand heights 'fair Nature speaks  
Of ocean, valley, plain, and hills  
And to wondrous waterfalls;  
I have my share of sunset gold,  
Dream fields where poppy leaves unfold,  
And hummocks where pine and palm  
Life runneth as a song-set psalm;  
Time drifts from me—rich year now  
Still finds me constant, loyal, true,  
And more and more content to be  
A dreamer by the Western sea."

It is the sweet singer,  
Clarence Urmv, known  
as the California troubadour,  
who writes these  
verses, and in them he  
reads the reason why we  
Californians are so well content at  
home. In the summer we are, in-  
deed, content to be "dreamers by  
the Western sea." And we are be-  
ginning now our vacation days, for  
summer days in California are full of  
a rare charm.

"Ah, none so blest  
As one who, weary of life's end-  
less quest,  
In this fair meadow poppy-pil-  
lowed lies  
Day-dreaming 'neath these Cali-  
fornia skies,  
Balm for the eyes!"

## WEDDINGS OF JUNE INTEREST THOSE AT HOME.

And so it happens that many of us  
who are in town are quite content to  
be there, and we are the ones who  
are being invited to the many  
weddings which are making specially  
bright these sunny June days.

Among the many interesting  
weddings scheduled for the early  
summer was that of Mr. Benjamin  
Reed and Miss Carmen Sutton. Both  
of the young people are well known  
over here, as both come from our  
pioneer families. Miss Sutton was  
one of a group of girls who spent  
high school days together and who  
have been members of dancing  
classes and of the Friday Night Club  
together. They have all been very  
loyal friends, and many of the girls  
have now attractive homes of their  
own and are young matrons worth  
while. Among them are Mrs. Sey-  
mour Hall, Mrs. William White, Mrs.  
Thomas Knowles, Mrs. Charles  
Towse, Mrs. Henry Ray Sanders and  
Mrs. Aldrich Barton.

The Suttons, some months ago,  
built a most artistic home at Linda  
Vista, which made a fine setting for  
a very charming wedding. The color  
scheme of the latter was yellow, the  
house being a wonderful study in  
superb yellow iris. The bride is a  
sweet young girl, very thoughtful,  
and of the brunette type. She looked  
specially well in a lovely wedding  
costume, and her matron of honor,  
Mrs. Henry Ray Sanders, also looked  
specially well.

The wedding attendants have been  
friends of the bride since early child-  
hood days, and Miss Letty Barry and  
Carmelita Cuvellier were schoolmates  
in the high school. Miss Almes  
Jorgenson is a cousin of the bride.  
The young girls were specially charm-  
ing in gowns of yellow charmeuse  
and carried lovely flowers, also in  
tones of yellow. The 150 guests in-  
cluded many relatives as Mrs. Reed  
is a member of a family circle which  
includes the Ghirardellis, the Cush-  
ings and the Jorgensons.

The Reeds are also identified with  
the younger life of the city through  
their children—Ben Reed, who is a  
graduate of the University of Cali-  
fornia; Beale Reed, who is a popu-  
lar member of the Friday Night Club,  
and Mrs. Henry Sanders, who was  
formerly Little Reed. Mr. and Mrs.  
Ben Reed have gone to Southern  
California, and on their return they  
will be at home to their friends at  
the Sutton residence at Linda Vista.

## MANY OLD FRIENDS WISH THEM WELL.

A wedding of interest to many old  
friends will take place tomorrow—  
that of Mr. Giulio Minetti and Miss  
Sharon de Fremery, the marriage to  
be celebrated at the bride's home on  
Prospect Heights. Mr. Minetti is  
known to all music-lovers on the coast  
through his wonderful violin  
playing—the Minetti stringed orchestra  
being one of the finest orchestras  
in the land.

Miss de Fremery is all musical  
and the wedding is a  
happy affair. The bride  
will be attended by her sister-in-law,  
Mrs. William de Fremery (Edna  
Fremery), and the guest list at the  
wedding will include only relatives  
and very close friends.

Charles Martin Mann gave a  
brilliant tea at the Palace this  
evening at Miss de Fremery's  
wedding. Many of the work-  
ing girls of the city were  
present. Mrs. Mann is the  
former Mrs. Charles  
Mann, and she is the  
mother of the bride.

to build a very artistic home of their  
own in the near future.

Mrs. Olney invited a group of  
young matrons who have been very  
good friends for years, a friendship  
that began in the high school and  
extended through the social winters  
and that followed formal school days. The  
hostess planned an ideal afternoon  
in honor of the bride-elect, and  
among the guests of the afternoon  
were:

Mrs. Louis Ralston, Miss Georgia  
Shanlin, Miss Sue de Fremery, Mrs.  
Robert Lee Stephenson, Mrs. Duncan  
McDuffie, Mrs. William de Fremery,  
Miss Floriane Brown, Miss Florence  
Selby, Miss Alexandra de Fremery,  
Mrs. George Wheaton, Mrs. David  
Atkins, Mrs. Russell Selfridge and  
Miss Carrie Hawley.

here.

ning success in his chosen profession,  
and his bride is so very sweet and  
charming that the wedding has  
called out more than the usual num-  
ber of good wishes for the happy  
young people. Dr. and Mrs. Hall will  
make their permanent home in Oak-  
land, where the young doctor is well-  
established in his profession.

## SOCIAL "BLUE BOOK" NEEDED THIS SUMMER.

A social "blue book" in the form  
of a directory, and telling us just  
where to find our friends, might be  
of much use this year, since more  
people than ever will be out of town  
in the merry mid-summer.

in which city the bride resides.

Geary is the son of Mr. and Mrs.  
H. K. Geary, a pioneer Oakland  
family.

## WEDDING INTERESTING DATE.

The wedding of Miss May Russell  
and Dr. Channing Hall was a very in-  
teresting date of the week, as the  
bride is a most charming, cultured  
and very attractive girl, and the  
groom, Dr. Hall, comes of a well-  
known family, Judge and Mrs. Sam-

uel P. Hall having been for years at  
the head of one of the most delight-  
ful and most hospitable homes in  
our city.

Mr. and Mrs. Mejia of Piedmont  
and their daughters are also in  
Europe, having arranged an exten-  
sive itinerary on the continent, and in  
Europe.

Carrie Bacon. They are experienced  
travelers, who have been abroad

the Old World brings to them a special  
appeal. Miss Beale McNear and  
Miss Viva Nicholson plan to spend  
the summer abroad, and in Europe.

this summer, and Partingtons will  
be at Sag Harbor; the F. M. Smiths

Clay will be with her aunt at Mobile,  
and Mrs. D. H. Mathes will be in  
Vermont. The Max Tafts have gone

a delightful cottage, and they are  
planning to spend the entire summer  
there.

Drighans of San Francisco will also  
be at Lake Tahoe, but the Frederick  
Kohls' cottage will be closed this

year, and among their guests each  
year are President and Mrs. Wheeler

Evelyn and Miss Floriane Brown, will  
be at Shasta Springs, as will Mrs.

pretty young daughter, Miss Allison  
Stone, are to be in the north this  
summer; and one hears that Mr. and  
Mrs. William Richardson (Elizabeth  
Gage) are coming to the coast this  
year. They will be in Portland,  
where Mr. Richardson will represent  
the Elks from Texas, and later they  
will spend some time with Mrs.  
Richardson's father, Stephen Gage.

## WILL SPEND WEEKS ON RUSSIAN RIVER.

The Egbert Stones are to spend  
many weeks of the summer in camp  
on the Russian river, and numerous  
week-end parties are being arranged  
by the young people. Their camp  
adjoins that of the Walter Scotts,  
who for many seasons have spent de-  
lightful days in one of the most  
charming camps on the coast—  
"Eagles Nest."

lands, offers a wonderful opportunity  
for camp life. The Clinton Walkers

place in Lassen, and among the  
campers in the great forests there  
this year will be the Granville Ab-  
botts and the Oscar Longs.

Mr. and Mrs. W. T. Velch are  
very devoted to Cloverdale, and each

has a most interesting cottage  
there, and she shares it with her  
friends in a most hospitable way.

who have a very beautiful home in  
Los Angeles, are expected here this

June as the guest of Mr. Hunting-

at her home across the bay. Mrs.  
Huntington and Miss Marian Hunting-

been absent from the city for many  
times to the Orient, and this week  
they returned from a delightful visit  
to the Yosemite valley.

Mrs. A. H. Loughborough, Miss  
Reenie Zane and Mrs. Alan Wallace  
are in Sicily, enjoying early summer  
days in that wonderfully picturesque  
land. They spent the spring in  
Rome, and, as they are all very

musical, they will go to Bayreuth  
for the great Wagnerian festival.

Pretty Miss Dorothy Churchill has  
reached Paris, and has joined there  
Mrs. Nelbing and Miss Rhoda Nel-  
bing. The latter has made a great

## "ORCHID QUEEN" PLANS UNIQUE VACATION.

Mrs. Joseph B. Coryell, who is known now as "the orchid queen," is planning a most unique summer. The Coryells have a superb collection of orchids, one of the finest in the country, and she keeps adding to them all the time, since she is determined to have many unusual varieties. She has made arrangements to make a tour of remote islands in the Pacific in search of rare orchid specimens. She has leased a yacht and has made arrangements for pilots who know the tropical waters. She is not in the least afraid, and has no thought of any dangers which may be lurking in remote islands.

Mr. and Mrs. Clinton Worden and Mrs. A. N. Towne will give up their rooms at the Fairmont the first of July and go to Del Monte, where they will spend the summer.

The Mark Reques leave early next week for a northern trip, and before they return to Oakland they are going to Alaska. One hears that the Alaska trip is of more than the usual degree of interest this year, as the inland sea is very beautiful, with many glaciers and icebergs.

The Chabots are established at Villavieja, near St. Helena, and among

their summer diversions are horse-back riding and motor trips to the many notable places in that region. One hears good news from Mr. and Mrs. E. Mejia, who, with their daughters, Elvira, Leonore and Coralle, are traveling abroad. Mr. Mejia and his daughters have been touring the continent, visiting the different cities of interest, and making their trip abroad a travel of study, as well as of pleasure. In the early season they were joined by Mrs. Mejia, and, with her, went to Italy and France. They have a very beautiful home at Piedmont, which they will occupy on their return, and Miss Leonore and Miss Coralle, who are very pretty and attractive girls, will be among the debutantes of the coming winter.

## CARMEL TO ATTRACT MANY OF SOCIETY.

Carmel-by-the-Sea promises to be a favorite resort for authors this summer. Grace MacGowan Cooke has just returned there after a few weeks in New York, spent in arranging for her forthcoming novel, "The Joy Bringers." She is to have for one of her neighbors this summer Harry Leon Wilson, who wrote that popular

book, "The Spenders," and among others at Carmel will be George Sterling, Perry Newberry, Alice MacGowan and Mary Austin. James Hopper and Jack London will be frequent visitors at Carmel this summer.

The Thomas Hogans will not go to "Shingle Shade," their summer home in Sunol, as early as usual this year. Mrs. Hogan is deeply interested in the work of the State Federation in planning for Memorial days in June and early in July. She is chairman of the Fruit and Flower Mission, a

very important post, and one hears that much success has attended her work.

## ALPHEUS F. WILLIAMS GUEST OF SISTER.

Mr. and Mrs. William Mein are entertaining the latter's brother Alpheus F. Williams, at their home on Laguna street in San Francisco. Mr. Williams is here on business, and is to remain on the coast for two weeks only. The home of the Williams family was in Oakland for many years, and they have many friends here. Mr. Williams' aunt is Mrs. E. B. Clement, and his cousins are Alpheus Clement and Mrs. Diantha Bennett.

Mrs. Williams succeeded his father, Gardner F. Williams, as the general manager of the De Beers diamond mines of South Africa, going out to Kimberley in 1900. He has now the general management of the great mines, and he is the United States consular agent at Kimberley.

Gardner Williams has been the guest for some time of his daughter, Mrs. William Mein, in her San Francisco home.

The Capwells, immediately on their return from Europe, are going to their country place at Brookdale. They have added a dancing hall for the young people, and they make their children, and the latter's young friends, very happy each summer.

Mr. and Mrs. Herbert Erskine (Lois Holland) spent three weeks in Southern California, and they are now at

hears that the new home of the Burnhams in Sonoma county is immensely picturesque. There is a fine, old-fashioned stone house on the place, and it makes an ideal country summer home.

The Browns have named their home "Brown Gables," and it is in the heart of the picturesque Ben Lomond region. They expect to have as their guests for part of the summer Mr. and Mrs. William Thornton White, and the fine young son of the household, William White, Jr.

## MANY PEOPLE ON VACATION.

Mrs. Redding and her daughter, Miss Josephine Redding, sailed this week for Europe, and they intend to open immediately their apartment there. They have lived so long in picturesque Paris that Miss Redding has many friends among the Parisians.

Mrs. George W. Percy is in Europe with her daughter, Miss Isabelle Percy. The latter is devoted to her art studies, and has been abroad for the past three years.

Doctor and Mrs. Harry Alderson (Cordelia Bishop) are also abroad

which they open early each summer, and in which they entertain most hospitably the members of their family and their many friends. The bungalow is a charming place, with delightful views of the mountains around Sunol, and the Hogans take with them their motor car, in which interesting expeditions may be made to the surrounding country.

Mr. and Mrs. Oscar Luning take many automobile trips during the year, entertaining in a most generous way many of their young friends. They spend some time each summer in Sonoma county.

Mrs. Harry Miles Bull and her children always plan longer motor trips each summer, and they have made many interesting excursions through the southern part of the state.

Among those who enjoy delightful vacation outings in their motor cars are Mr. and Mrs. H. Wilson. Their sons are both expert drivers, and they have taken long trips during the past few months in Southern California.

## MISS HELEN BASSETT VISITS IN WOODLAND.

Pretty Miss Helen Bassett is visiting friends in Woodland, and she expects to be away until the middle of June.

The L. A. Chases have many friends in Mazine, where Mr. Chase's boyhood days were passed. They have gone there for the summer and expect to enjoy delightful days on the north Atlantic coast.

The Breeds, the Bancrofts, the Higs, the Arthur Adams, the Jacksons will all in a few days be settled in their summer homes near Brookdale. And at Los Gatos are now established the Frank Millers and the Newtons.

The Boulder Creek homes are now being opened. Mrs. A. A. Long having gone down some days ago. She makes "Kamp Kill Kare" immensely attractive, and the various members of her family greatly enjoy her home, and Mrs. Rosenfeld is often her guest during the summer.

Near her home is "Dixie," the picturesque place among the big redwoods of the John Francis Smiths. Mrs. Smith will have her sister and the latter's children among her guests this summer.

Mrs. Edward Engs has taken a cottage at Brookdale, and the Wickham Havans will motor down many times this summer.

The Dudley Kinsells will not be at Boulder Creek this season, having rented their picturesque cottage, "Madama," for the summer. They are much interested in developing their delightful home at Claremont Manor, and their holiday time this year will be devoted to motor trips in the mountains.

Mrs. T. L. Barker recently purchased a very charming place at Los Gatos, very near to that of the Wallace Alexanders. The latter are now established at Los Gatos, and they are including a trip to the Atlantic coast among their plans for the summer.

And so it happens that before very long our friends will be widely scattered—answering here and there the call of the country. It is perhaps true that "Absence makes the heart grow fonder," and one will be all the more glad to greet our friends again, when the summer is over and gone, and when the late autumn days usher in the social season.

## TIME TO DO MANY THINGS AT HAND.

"The law of compensation" acts in its old way, for those who remain at home. There is time to do the many things dear to one's heart—but which are pushed aside in the usual rush of every day life. There is even time for the social call. A clever writer gives her impression of the latter:

"The social call is practically extinct now. I don't suppose we've gone out to spend an evening for years. People go out to dinner, and are taken to the theater afterwards, or play bridge, or are entertained in some other planned, unspontaneous way. The custom of general conversation has vanished."

There are afternoons in our gardens, teas on our verandas, informal luncheons now and then, a game of bridge to while away a summer afternoon, a sewing bee, when all fingers fashion a dainty handkerchief, one wonders if, after all, the summer home does not prove ahead in the summer vacation game.

VANDERBILT'S BRIDE  
TO FACE FORMER  
WIFE OF HER  
HUSBANDSocial War Expected When  
Couple Take Up Residence  
at Newport.

**N**EWPORT, R. I., June 8.—The ultra-fanciable colony is all a-flutter today, following a cable communication from London to the effect that Alfred Gwynne Vanderbilt and his bride, who were Mrs. Margaret McKim, divorced wife of Dr. Smith McKim, of Baltimore, are to return and open Vanderbilt's world-famous estate, Oakland Farm.

The return of young Vanderbilt for the summer at Newport, and later in the season the opening of the National Horse Show in New York, is not of so much moment so far as social gossip goes. What interests them most is the first meeting between the present Mrs. Vanderbilt and the former Mrs. Vanderbilt, who divorced young Vanderbilt in the summer of 1908.

Such a meeting is inevitable, provided the present Mrs. Vanderbilt consents to accept the social position she is entitled to in Newport society. The first Mrs. Vanderbilt, since obtaining her divorce, has made her home with her uncle at Newport, where his family is regarded as the recognized social leaders. Since she has taken up her residence in Newport, the first Mrs. Vanderbilt has been a conspicuous figure in all social events, and much doubt exists as to whether she will step aside at the coming of her successor.

Vanderbilt and his former wife have met only twice in public since their separation. So far as is known, the first and second wives of the youthful multimillionaire have never met face to face.

When the two Mrs. Vanderbilts meet on friendly terms, or will they slight each other, the social world is not pretentious to know, and, naturally, the first meeting is awaited with much anxiety.

It is generally predicted that Vanderbilt and his bride will be accorded a hearty welcome on the event of their first social appearance in New York, but what will happen in Newport is only a matter of conjecture.

When they will meet here is not known definitely, although the cable report declared that they expected to meet before the end of June.

Oakland Farm has been closed for the past two years. At that time Vanderbilt shipped practically all his blooded horses to England for the coaching season and the races, where in past years he has been more successful.

**M. L. G. Understands**  
NEW YORK, June 8.—It is announced by the publishers of the book "To M. L. G." that the person for whom the book was written has read it, and that "M. L. G." will marry the author in October. The story told how a woman in the New York theatrical world met a British army officer and loved him, but would not marry him until he knew all about her life. This she describes in a book rather than a letter, so that he can read it and then did not want her, he would never reply.

Many suggestions have been made as to the identity of the author, both in England and America. Mrs. Fiske, Marie Dore and Margaret Mayo were among them. A prominent American playwright insisted that Maudie Elliott must have written the book, and that she is fully equal to the plot of the story. A Chicago critic attributed it to Elizabeth Keckley, while the Sunday editor of a New York newspaper told a representative of the publishers that he absolutely knew Arnold Bennett to be the author.

**Women Bandits Work**  
NEW YORK, June 8.—Women bandits held up the wife of a wealthy New York merchant in the hall of her apartment in one of the residential skyscrapers adjacent to Riverside district yesterday, snatched her jewelry, and then fled with a pocket watch and an iron pick, thrust her under a servant's bed, raised the apartment from hall to dumb waiter and made off with property valued at more than \$100,000.

Mrs. Sidney C. Bernheimer opened the door of her fashionable suite at 77 West 84th street shortly before noon. Immediately her cook and two strange women entered her room, snatched her jewelry and fled with a pocket watch and an iron pick, thrust her under a servant's bed, raised the apartment from hall to dumb waiter and made off with property valued at more than \$100,000.

**Wine Long Fight**  
SAN FRANCISCO, June 8.—Probably the first woman wireless telegraph operator after the first on the Pacific will be Miss Helene Kuhn of Seattle. She has been awarded the highest mark given at the government's naval wireless training school at the Puget sound navy yard and has been assigned to the Albatross, sailing for Alaska, July 1.

Miss Kuhn went to sea in uniform and was wearing the regulation blue corded cap and military blue serge skirt. The young woman is 24, good looking, and has been employed as a stenographer for the last several years.

## The Japanese Motto

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

**W**E have all seen in every Japanese home and in every Japanese shop, placed prominently, the three little monkeys in a group. Some are in ivory statuettes and some are pictured. One of these monkeys holds his hands over his eyes, meaning "I will see no evil." Another holds his hands over his ears, meaning "I will hear no evil." And the other has his hands over his lips, meaning "I will speak no evil." One of these little statuettes of the three monkeys should be on the dressing table of every woman—yes, and of every man also. If not on the dressing table it should be placed somewhere in a conspicuous place, to be seen often, as a reminder. Just those three thoughts will help to beautify the nature of the hardest man or woman. How beautiful the world would be if that Japanese motto was lived up to. The woman who listens to evil places her foot on the first rung of the ladder downward. It is just as inglorious to listen to evil as it is to speak it unless one is strong enough to reprimand the speaker and deny the truth of evil. To see evil is as bad as to listen to it, and people who do see evil and do not in some way correct it are evil. And evil can corrupt a saint if he does not go about to set it right.

As for speaking evil, that is the one crime that is greater than murder. To speak evil of any one is degrading, and the person who deliberately speaks against another to harm him commits a crime against himself, for afterwards the greatest harm is to the slanderer. To arrive at the point where only evil and slander can satisfy one must be in a terrible state of mind. I always wonder what can be gained by evil speaking. The speaker must be either consumed with burning hatred or is without conscience and utterly bad. A pure-minded person is a joy to humanity and is known on sight. Honesty shows in the face and honesty is beautiful. If you have a little picture or a statuette of those three little monkeys, think of what they represent—purity of thought. Without purity of thought all beauty of body or mind is as nothing. Guard against evil—don't listen to it, see it, or speak it—and you will do much to beautify the world you are in. Remember, words spoken are as deeds done and are registered against you.

**DISCOURAGED**—I greatly fear that you are too old to grow much taller, although I have known of young women adding to their height up to their nineteenth or twentieth year. You should eat plentifully of good, nourishing food and exercise in such a manner as will stretch the body. A good exercise is to stand by the wall of a room or the door and reach up as far as you can while standing on tiptoe. Begin with the hands placed on the wall and gradually place one hand above the other until you cannot possibly reach any farther, while standing on the tiptoe. Repeat the exercise a number of times, and if it does not make you grow taller it will give you a good figure. This is about all you can do to make yourself taller.

## Answers to Queries

**HELEN E. EVELETH**—Vaseline is one of the best hair-growers for thin eyebrows and eyelashes that I know of. It will also make them darker. On account of lack of sleep, I cannot print instructions for the green soap treatment, or for the saline for pimples, both of which I will be pleased to send you if you will write me again, asking for them, enclosing a stamped, self-addressed envelope for reply. I should advise you to see some dramatic manager and ask him candidly if you have talent for the stage and then follow his advice.

**AN ADMIRER**—Massage the scars with a good skin food daily and they will gradually disappear. I consider a good grade of rice powder good for the face. Any powder that agrees with the skin is good. Powder is perfectly harmless if it is removed from the face and the pores cleansed when retiring. Yes, witch hazel is excellent for closing the pores. Wet the clothes in hot water, hang and place them over the face and it will reduce the pores. Be sure and cool the face thoroughly before going out into the open air. I shall be glad to send you the formula for skin food and directions for massage, also an excellent astringent lotion if you will send me a stamped, addressed envelope.

HOBART DECLINES  
TO WALK ON HANDSHarry Scott Laments Failure  
of Polo Player to Keep  
Agreement.

**HILLSBOROUGH, June 8.**—Harry Scott, Hillsborough's leading bachelor, was a sorely disappointed individual yesterday when he learned that Walter S. Hobart, crack player of the San Mateo Polo Club, did not intend to make any effort to win a wager of \$500 by walking up and down 16 stairs on his hands sometimes during the day. Neither does Hobart propose to pay the forfeit of \$50 for each step that he fails to ascend or climb in the acrobatic manner.

Scott is willing to grant Hobart any reasonable concession. "If he can't walk on his hands let him crawl upstairs on his knees and I will let him win the bet," said Scott. "It worth \$500 any day in the week to see Hobart crawl upstairs. Hobart declines to do anything, thereby spoiling one of the big social events that I had counted upon to take place at the Burlingame Country Club."

Notwithstanding efforts on the part of friends to induce Hobart to make some showing last night the clubman declines.

There is little chance of him changing his mind. But Hobart reserves all prerogatives.

HOTEL MEN TO WAGE  
WAR ON 'DEAD BEAT'

**DEL MONTE, June 8.**—That the path of the hotel "dead beat" will in future be a hard one to travel was made possible by the action taken by the State of California. For some time past, the hotel men of the State have been waging a war on the "dead beat" who, when a plan is made, published and prosecuted as soon as he starts operations in California.

The advisability of adopting the European plan of dining-room service for the summer resorts was discussed, and it is believed that many of the large resorts will adopt the plan this summer.

Tippling, say the hotel men, cannot be stopped by the hotel managers. They are taking money in like to make a showing when traveling and give tips to make a good impression.

Tonight will be the last of the show now holding the boards, making way tomorrow for a complete new show in boulevard and pictures.

**POSTAL BANKS PROVE POPULAR WITH PEOPLE.**  
WASHINGTON, June 8.—San Francisco has a high standing in postal savings bank statistics announced yesterday. The city ranks fifth in the amount of deposits among the thirty-three of the largest cities of the country. On April 30 last \$35,804 was on deposit in the postal savings banks of San Francisco. This sum was exceeded only in New York, Chicago, Portland and St. Paul, and was larger than the deposits in Cincinnati, Brooklyn, Boston, Kansas City and Los Angeles. The city had on deposit \$255,481. On April 30 there were 3902 depositors in San Francisco. Oakland had 804 depositors, with \$68,933 cash balance.

**WANT HARBOR BOARD TO VISIT THIS COAST.**  
WASHINGTON, June 8.—The California Congressional delegation is working on a plan to get the House Rivers and Harbors committee to visit the coast between the end of the session of Congress and the beginning of the next session in December, so that the commission may make a study of the Sacramento river and the need for its improvement.

The California Congressmen believe that if the Rivers and Harbors committee can be shown the Sacramento river, the committee would be willing at the session to allow an initial appropriation for improvement of the river. Commercial organizations in California are instructed in the plan and these organizations probably will extend the invitation to the committee through Nahn.

Orr, president of the board of education awarded the certificates of graduation. Miss C. G. Brown, the class teacher, arranged the following musical and literary program:

**POSTAL BANKS PROVE POPULAR WITH PEOPLE.**  
WASHINGTON, June 8.—San Francisco has a high standing in postal savings bank statistics announced yesterday. The city ranks fifth in the amount of deposits among the thirty-three of the largest cities of the country. On April 30 last \$35,804 was on deposit in the postal savings banks of San Francisco. This sum was exceeded only in New York, Chicago, Portland and St. Paul, and was larger than the deposits in Cincinnati, Brooklyn, Boston, Kansas City and Los Angeles. The city had on deposit \$255,481. On April 30 there were 3902 depositors in San Francisco. Oakland had 804 depositors, with \$68,933 cash balance.

**WANT HARBOR BOARD TO VISIT THIS COAST.**  
WASHINGTON, June 8.—The California Congressional delegation is working on a plan to get the House Rivers and Harbors committee to visit the coast between the end of the session of Congress and the beginning of the next session in December, so that the commission may make a study of the Sacramento river and the need for its improvement.

The California Congressmen believe that if the Rivers and Harbors committee can be shown the Sacramento river, the committee would be willing at the session to allow an initial appropriation for improvement of the river. Commercial organizations in California are instructed in the plan and these organizations probably will extend the invitation to the committee through Nahn.

**SHRINERS' PARADE SEEN IN CAMERA PICTURES.**  
In the animated weekly at the Camera theater today many interesting current events are shown, among the most interesting being the Shriner's parade and races which took place at Los Angeles. Many famous faces from Oakland are featured.

Other interesting features in this film are the departure of the transport Sherman for Honolulu; the M. E. conference at Minneapolis; and the world's young set champion, Brandon B. Barringer.

Many pictures are shown in this animated program.

## ERUPTION OF ALASKAN VOLCANO IS RECORDED

DISTURBANCES  
CONTINUOUS  
AND VIOLENT

Volcanic Shower at Cordova Is Believed to Have Come From Cook's Inlet.

Earth Shocks Recorded on the Seismograph at Georgetown University.

SEATTLE, June 8.—The belchings of an Alaskan volcano are sharply recorded on the seismograph of the University of Washington. About noon yesterday the needle began to tremble and until about 1 o'clock this morning the disturbance was almost continuous. There is no motion now.

The heaviest shock of all took place at 12:18 o'clock this morning. The record is not at all that of an earthquake, but of an eruption. There are three "smoking" volcanoes in the region northwest of Cook Inlet and visible from the coast. It is supposed that one of the three—Mammoth, Redoubt or St. Augustine—has broken out.

The volcanic shower that covered Cordova yesterday must have come from the Cook Inlet country, according to persons who are familiar with the prevailing winds.

## SHOCKS RECORDED.

WASHINGTON, June 8.—Earth shocks have been recorded by the seismograph at Georgetown University almost continuously since yesterday morning at 5 o'clock, the vibrations at last being of extraordinary violence.

It is estimated that the disturbance is within 2400 miles of Washington. Following heavy vibrations yesterday morning the seismograph continued to record lesser shocks throughout the day and night.

Vibrations beginning at 2:15 and 4:09 this morning were even more pronounced than those of yesterday, and the university scientists believe the shocks must have been destructive.

BANDITS REPULSED  
AFTER HARD FIGHT

Camp of Cinco Minas Company Attacked by Mexican Outlaws.

GUADALAJARA, Mex., June 8.—The camp of the Cinco Minas Mining Company, a New York corporation, was attacked by bandits, who were repulsed after a fight, in which two were killed and several on each side wounded.

The defense was made by guards directed by E. J. Callahan and Dr. Spencer. State guards are pursuing the bandits.

## CONDITIONS ARE BAD.

LOS ANGELES, June 8.—Colonel Espino, president of the Southern Pacific Railroad of Mexico, declared in an interview published today that conditions could not be much worse than they are now along the west coast of that country.

"Two thousand Americans have left their farms, mines, plantations and other property interests in Mexico and have fled the country," said Colonel Espino. "and it is a question when they will return, as the reign of anarchy and plunder may continue for years."

Asked if it were possible for the American government to do anything to better conditions he replied:

"My experience is that the American flag means very little abroad."

THERE'S JOY IN STORE FOR OAKLAND  
"TRIBUNE DAY" WILL BE GALA AFFAIR

THE BAND STAND AT IDORA PARK AND SOLOISTS WHO WILL PLAY THERE ON TRIBUNE DAY.

WHERE TO GET ADMISSION  
TICKETS FOR TRIBUNE DAY

AT IDORA PARK, TUESDAY, JUNE 11:

Main office of THE TRIBUNE, Eighth and Franklin streets.

TRIBUNE Berkeley branch office, 2149 1/2 Shattuck avenue.

TRIBUNE Alameda branch office, at Schneider's stationery store, Park street and Santa Clara avenue.

TRIBUNE Fruitvale branch office, at Deacon's drug store, Fruitvale avenue and East Fourteenth street.

TRIBUNE Broadway office, 1114 Broadway.

"Oh, what is so rare as a day in June, Then, if ever, come perfect days."

Provided, of course, that they are TRIBUNE DAYS, those rarest of rare treats that come once a year to celebrate the joys of the season, arousing the keenest of anticipation in the minds of thousands of people. The "rare day" this year will be next Tuesday, June 11, when THE TRIBUNE will see that Oakland's "Park Day" is filled with happy throngs of grown-ups and children there to accept the hospitality of the paper and to enjoy the treats in store for them.

Never before have such preparations for the people been made by THE TRIBUNE management and Park Manager York as are under way for the present occasion.

Plans are being made for 60,000 people during the day and evening and everything possible is being done to accommodate the crowds who will pour through the gates of the park and to entertain them after they arrive there.

Special efforts have been made to see that everyone who wants to come to the park on Tuesday can do so.

TO ENTERTAIN ORPHANS.

Another feature of the distribution has been arranged for, and one that it gives THE TRIBUNE special pleasure to announce. This is the distribution of tickets to managers and heads of orphan asylums, so that their hundreds of tiny charges may have a day of pleasure at the park. All that is necessary to secure these tickets is for the heads of the institutions to announce to THE TRIBUNE management the number of tickets wanted, and general admission tickets will be given to them which will be in turn exchanged for concession tickets at the park.

In addition, tickets will still be sent to any address where a request is sent in from out of town people unable to call at the local offices. It is necessary, however, in such a case, that a stamped envelope be sent with the request for the return of the tickets.

The vast majority of the tickets are going out over the counters of THE TRIBUNE's several offices. Anyone wanting them has only to call and ask for them at the five offices listed above.

In that fashion fully 40,000 tickets have already been distributed since Wednesday last when the distribution first began.

This indicates the interest shown in the day and the pleasures it promises.

## OF THREE KINDS.

It is only necessary to keep clearly in mind in asking for tickets that there are three sorts, one for the morning, one for the afternoon and one for the night. The morning tickets are white in color and are good from the opening of the park at 10 a. m. to 1 p. m. The afternoon tickets are green in color, and are good from 1 to 5 p. m. and are printed on green pasteboard, while the evening tickets, red in color, are acceptable at the park gates from 6 o'clock until midnight.

These general admission tickets will be exchanged for the corresponding colored coupon concession tickets when you enter the park. These concession coupons must also be used within the time limits specified. This is done in fairness to all, to prevent the undue crowding of any concession during a certain period of the day.

On every side the highest praise is being given THE TRIBUNE and the Idora management, through Manager Bertrand L. York, for the exceptional list of concessions that can be enjoyed with the concession coupons given away by THE TRIBUNE. Each guest of the paper will receive admission to five concessions, which feature alone is less than remarkable for the pleasure it promises.

The concession slips given out to the arriving crowds call for admission to varying combinations of five concessions chosen from among the following capital attractions:

mountain slide, the circle swing, shooting the rapids, the carousel, the loggan, laughter land, the scenic railway, admission to the penny arcade and enjoyment of some of its attractions, peanuts, and one other feature concession to be chosen.

## PAPER IS PRAISED.

The gifts, too, which THE TRIBUNE has arranged for have called forth many compliments for the paper's generosity. The three gifts to be dropped from the parachute at different points over the city while Professor Frank Hamilton is making his perilous voyage will belong to the persons who gain possession of them. These are all valuable, including an order for \$5 in cash, a cut glass nappy of hand-some design, and a silver deposit sugar and cream set. These with the other gifts, five in number, making eight in all, will be within the reach of every person who visits the park. These latter gifts are equally desirable, being such attractive articles as a blue flow under-cloth, a dinner set, an oil painting framed in gold with a shadow-box effect, a silver-plated case, a kitchen set of eight pieces, and a dozen teaspoons.

Finally there will be the two great treats, the band concert by the excellent group of musicians under the leadership of Floravante Perno, and the balloon ascension by Hamilton, both stellar attractions.

A rare day, indeed, is what THE TRIBUNE offers to the citizens of Oakland, Berkeley, Alameda and all the surrounding districts. Tuesday, June 11, is the day. Be sure to be there and share in the fun!

Nine-Year-Old Boy  
Expert Motorcyclist

William Frederick Wright of Richmond to Wheel Across the Continent.

RICHMOND, June 8.—This city probably has the youngest expert motorcyclist in America in William Frederick Wright, 9 years old. William Frederick commenced riding a bicycle when three years old and kept at it until some time ago his father, B. R. Wright, employed at the Standard Oil works and living at Fourteenth street and Chancery avenue, bought him an up-to-date motorcycle.

Now there is not a more expert rider on this type of machine in the country than 9-year-old William Frederick Wright.

Mr. and Mrs. Wright are both lovers of motorcycle riding and often take long journeys on their machine. William Frederick, upon whom occasional Master William Frederick accompanies them on his roadster and frequently sets them a pace not easy to keep up with. Mr. and Mrs. Wright and son have planned to make a journey in the motor from San Francisco to New York City next spring, stopping en route to view the country and the big cities.

San Francisco have been sent to Siboney, seven miles northwest of Santiago. A short time ago and at Cuba, a short distance from Siboney.

QUICKLY SUBDUED

Government Troops Kill Four Negro Insurgents; Soldiers Wounded.

HAVANA, June 8.—Rioting between whites and negroes today occurred here and at Regia, a suburb across the bay, but order promptly was restored. Two negroes were wounded.

Havana is quiet. The government states it has no further news from Oriente province. The raid which has fallen heavily for three days is abating, but communication with the country is still interrupted on account of the condition of the roads.

## INSURGENTS KILLED.

SANTIAGO, Cuba, June 8.—Government troops encountered the insurgents at Cardal del Rocio, near Cuba, today and four negro insurgents were killed and four soldiers wounded. The Cuban forces which have been governing the province withdrew when the United States marines were landed.

Read the Sunday Tribune  
For Features Worth While

These are days when good summer reading is demanded by the thousands who are close followers of the Sunday newspaper. THE TRIBUNE tomorrow will contain plenty of that. Features galore, contributed by writers who are experts in their line and who are capable of expressing themselves in a manner both interesting and logical, are contained in THE SUNDAY TRIBUNE.

For those who like sports there are two pages of them, wherein may be found news of that world splendidly told. Suzette's comments on society and society people have become justly famous. Lillian Russell, one of the most-admired women in the world, contributes a page illustrated in color. What is the latest in the realm of fashion is told in picture and letter on a full page of THE SUNDAY TRIBUNE. From the Old World comes news and reviews of conditions there, and three pages of this International News Service cable is found every Sunday in this paper. The Knave, regarded as one of the greatest features ever published by a western paper, contains gingery comment on people and affairs. There are book reviews, political news and an illustrated theatrical page. These, combined with the news furnished by the International News Service, over a special wire into this office and with the news gathered by expert reporters, make THE SUNDAY TRIBUNE'S CIRCULATION GREATER THAN THAT OF ANY NEWSPAPER CIRCULATED IN ALAMEDA COUNTY.

MEMORIAL TO COLUMBUS IS  
UNVEILED

Ceremonies Held at Fountain Erected to Discoverer by Congress.

President Taft Speaks to 100,000 Visitors; Holds Great Parade.

WASHINGTON, June 8.—The United States today is paying homage to the discoverer of America by the unveiling of a magnificent memorial fountain, erected here by Congress to Christopher Columbus, the Genoese navigator who opened the portals of this hemisphere to civilization.

Standing at the very gates of the nation's capital, the memorial seemed a gigantic magnet drawing a representative throng from every corner of America. One hundred thousand visitors crowded within the city, according to the estimates of the committee conducting the ceremonies.

Half of that number are members of the Knights of Columbus, gathered to give tribute to the patron of their order.

The enthusiasm in Washington today is rivaled only by the inauguration of a President. Imposing unveiling exercises took place this afternoon. President Taft spoke his praises. In recognition of the allegiance of Columbus to the king of Italy, the Marquis Cusani Confalonieri, the Italian ambassador at Washington, unveiled the memorial by releasing two huge American flags whose folds clung to the granite shaft and marble statue of Columbus surmounting the fountain.

## GREAT PAGEANT FUTURE.

A mammoth pageant accompanied the unveiling ceremonies. Simultaneously with the beginning of the exercises the parade formed in front of the White House, moved along Pennsylvania avenue and passed the Union station, before which the memorial is erected.

Massed about President Taft on the stands surrounding the memorial were members of the Cabinet and Congress, justices of the Supreme Court of the United States and practically the entire diplomatic corps. Mr. Thomas Shanan, rector of the Catholic University, opened the exercises with an invocation. Justice Victor J. Dowling of the Supreme Court of New York delivered the initial oration, reading the encomiums of the ages upon America's discoverer, and James T. McCallister, of the Columbus memorial commission followed with an eulogy, just before the Italian ambassador, with a few words of tribute to his illustrious countryman, revealed the monument to the view of the world.

## SALUTE FIRED.

Immediately the pile of granite and marble was unveiled there was fired a national salute of 21 guns to Christopher Columbus, whose statue faces in the direction of the United States capital. Wreaths from the President of the United States and Knights of Columbus were laid about the stone figure.

Following the nation's tribute spoken by President Taft, the program was closed with the simple apostrophe, "Benediction," pronounced by Bishop Wilbur E. Thirkield, president of Howard University. The parade, under the command of General R. K. Evans, U. S. A., as grand marshal, passed a review by the president, and James A. Flaherty, supreme head of the Knights of Columbus.

GETS HEAVY SENTENCE  
FOR VIOLATING PAROLE

SAN FRANCISCO, June 8.—One short week of liberty proved too much for Alvin Johnson, arrested for passing fictitious checks and released on probation by Superior Judge Dunne, and today he appeared again before the court, having been arrested for a similar offense. It took just two minutes to dispose of Johnson's case. Probation Officer Nicholas had told not only the prisoner, but his wife also, were concerned in the more recent crime, and Judge Dunne promptly gave him eighteen months at hard labor in San Quentin penitentiary.

On January 20 complaint was made against Johnson for passing a check for \$40, drawn on the Humboldt bank, and tendered to Frank R. Ayres, the signature forged being that of Charles Mathews. Because it was his first offense Johnson was released.

Yesterday he appeared before Police Judge Weller, accused jointly with his wife, who gave her name as Mrs. Peterson, of passing a bogus check for \$10. The woman will be brought to trial, the police court, but Johnson was immediately taken in tow for violating his probation.

TRAFFIC AGAIN  
RESUMED IN  
BOSTON

Fewer Cars Run on the Lines of Railway Company; Officials Optimistic.

Policemen Ride on Many Trolleys and Streets Are Well Guarded.

BOSTON, June 8.—After a night of complete suspension of street railway traffic as a result of the strike of several thousand employees, the Boston Elevated Railway Company resumed operations on all surface, elevated and tunnel lines today, but the number of cars in operation was noticeably much less than usual.

Officials of the company, which controls nearly all the electric lines within a radius of five miles, said that 90 per cent of the average number of cars were running and that 1000 new men were ready to start work in the places of the strikers.

Fred Fay, international organizer of the Amalgamated Association of Street Railway Employees and the leader of the strike, said more than 5000 employees were on strike and that only a small fraction of the usual number of cars were in operation.

Policemen rode on many cars and the streets through which the cars run were well patrolled.

HANFORD WEARS  
FLAG IN LAPEL

Federal Judge Adds to His Condemnation of the Anarchists.

SEATTLE, June 8.—This was nationalization day in United States Judge Hanford's court. The judge, as usual, wore an American flag in the lapel of his coat and a large flag was stretched upon the wall behind him.

On the opening of court, Judge Hanford read for the benefit of the prospective citizens a description of the government of the United States. He added a condemnation of anarchism and persons who placed the red flag above the Star and Stripes. Then, saying aside the paper, he said:

"There has been an uproar recently because the court cancelled the naturalization papers of an alien who was alleged to have obtained his citizenship papers by fraud. The naturalization law confers upon the court power to cancel citizenship papers when obtained by perjury or fraud."

Judge Hanford then read extracts from a supreme court decision handed down May 17, 1912, which affirmed the authority of Federal judges to cancel citizenship papers. The first applicant for citizenship, an Italian, was unable to answer the simplest questions concerning the government of the United States. He was asked if he was a member of the Industrial Workers of the World and answered "No." Other applicants were admitted to citizenship after brief examination.

FORGER SENTENCED TO  
3 YEARS IN PRISON

SAN FRANCISCO, June 8.—Harvey Van Buren, in need of \$25 on February 26, so far forgot himself as to sign the name of George Marshall, general counsel of the Netherlands, to a check for \$25, drawn on the Wells-Fargo Nevada National bank. He then tendered it to John Annenally, who discovered it was spurious and promptly had him arrested. This morning he pleaded with Judge Dunne to be released on probation, but the court frowned on his request by reason of an adverse report from Officer Nichol and sentenced him to three years in San Quentin penitentiary.

## MAKE PLANS FOR BUNKER HILL DAY

New Englanders Hold Business Session and Enjoy Program.

Nearly 150 members of the Alameda county branch of the New England Association of California and guests from San Francisco and other branches were present Thursday night at the regular bi-monthly meeting of the former organization in the Chamber of Commerce.

President Edwin Stearns presided, and following a business session a program of addresses and musical numbers was given.

Details of the celebration of Bunker Hill Day, Monday, June 17, were discussed by Scott Smith of San Francisco, president of the California Association, and W. E. Palmer, secretary. The celebration will take the form of a New England dinner and dance to be given at the Palace Hotel in San Francisco. Smith also discussed plans for the establishment of a clubrooms for the central organization in San Francisco.

Other talks were given by Dr. N. K. Foster, E. W. Marston, E. B. Thomas and J. O. Clark. Seven new members of the local organization were announced, after which the program prepared by the entertainment committee, consisting of Mrs. C. S. Thayer, Mrs. W. P. Southard and F. D. Gould, was given. It included a violin solo by Henry B. Baerman, "Fantasia Lullaby," accompanied on the piano by Miss E. Notlage, recitation, "Mrs. Wiggs on the Winding of Mrs. Scrubbin," by Mrs. S. J. Gray, piano duet, Mrs. Charles A. Piper and Mrs. D. O'Connor, and old-time songs, Mrs. Carrie Crane Ingalls of San Francisco.

At the next meeting, Thursday, June 20, the same committee will have charge of the program.

## RALPH EMERY AND PARTY IN SMASH

Son of Emeryville's Founder and Three Others Hurlled From Machine.

STOCKTON, June 7.—Peter Rice, a real estate operator well known throughout the San Joaquin valley, and Ralph Emery of Oakland, son of J. P. Emery, founder of Emeryville, and wife were thrown out of their automobile last night near Bethany in trying to avoid a collision with a Southern Pacific special troop train. So near did they come to hitting the engine that the engineer observed their plight and hurriedly stopped the train, taking the bruised occupants aboard, where they were treated by an army surgeon while being hastened to Tracy. It is reported here that none of the occupants was seriously injured. Chauffeur O'Wenney of San Francisco was painfully bruised.

## SURF VICTIM IS FOUND BY PHOTO

Former Nurse, Worth \$30,000 Is Identified by Former Employer.

SAN JOSE, June 8.—A. T. Higby of College Park today identified the woman found in the surf at Santa Cruz last Friday morning as Mary Brinton, upon examining a photograph of the dead woman. Higby partly effected the identification by comparison with a photograph of Mary Brinton taken when she was employed as a nurse in the Mayhew family of Menlo Park, where she worked for ten or twelve years. One of the Mayhew children is also portrayed in the picture. Higby says the woman was worth about \$30,000. She was known to have a large amount on deposit in San Francisco banks. She had a brother in England and was expecting him here soon to take her to a sister in New Zealand. She had been living at Higby's house about three months, leaving the first of January, ostensibly for New Zealand. She is thought to have been mentally unsound.

The coroner's jury in Santa Cruz brought in a verdict of suicide by drowning although a dark man had been seen with her on several occasions and the autopsy showed that the blood found on the beach did not come from her. This peculiar phase of the case is still to be explained.

## REAR-ADMIRALS NOW ON U. S. RETIRED LIST

This will not affect his duties with the commission, now in Europe. It was stated at the Navy Department today. Another Rear-Admiral, E. H. C. Leutze, went on the retired list yesterday. Rear-Admiral Leutze is well known on the Pacific Coast. Several years ago he was in charge of the deep-sea soundings for the Navy Department from Hawaii to Australia. He was in command of the Monterey at the battle of Manila bay, and afterward commanded the naval station at Cavite, P. I.

## LOU R. STOCKWELL TAKES LAST CALL

Veteran Stage Favorite Dies After Career Cramped With Success.

SAN FRANCISCO, June 8.—Lou R. Stockwell, one of the most popular of San Francisco's old-time stage favorites and a familiar figure to nearly every local play-goer of a decade ago, died yesterday at the university of California hospital.

For the past six years Stockwell's life had been a pathetic one, though he never lost the popularity which was his in the years ago. In 1908 he was stricken blind, and it was but a short time later that the funds with which he had been so generous gave out. Since then he had lived on money gained by numerous benefits given for him by theatrical people. Even with this money his liberal hand was ever ready to assist another in need, and he died practically penniless, although the amounts from his benefits came to no small sum.

Stockwell first came to San Francisco thirty years ago with Jay Rial's "Uncle Tom's Cabin" show. He played the part of Lawyer Marks and became famous in the role. He remained on the coast and was seen in many parts up to the time when he took over the then new Alcazar theater, in conjunction with George Osborne and George Wallendorf. For a time the popularity which was his in the past, but it later dissolved and Stockwell again went on the road.

For the last thirty years in 1902 and with Alfred Ellinghouse, opened the Stockwell theater on the site where the present university theater stood. This soon proved unsuccessful and then Stockwell took to vaudeville. After his blindness he appeared in several sketches written especially for him, but of such years he had been too feeble in health to do anything.

Stockwell was one of the old guard. He was contemporaneous with Edwin Booth, Lotta, Edgar Davenport, Lawrence Barrett and other old-time favorites. He also was credited with the success of such stars as Maude Adams, Florence Roberts and Blanche Bates on the road to success in stock.

The funeral services for Stockwell will be held from Halsey's undertaking parlors Sunday morning at 11 o'clock.

## SIX ARE STRUCK BY BOLT OF LIGHTNING

KLAMATH FALLS, June 8.—Six persons were struck by lightning last evening in a storm which preceded the severe downpour of hail ever recorded in Klamath county. None struck will die, it is thought, although one, a baby in its father's arms, is in a critical condition. Three inches of hail fell in half an hour.

Lightning also struck a barn, ripped off the shingles and wrecked the telephone and electric light wires in the section of Mills Addition. Those struck were: Ben S. Owens, knocked down and injured; Thomas, severely shocked; ed; Tom Owens, severely shocked; John Potter, shocked and dazed; Potter baby knocked unconscious in its father's arms. It is feared that a slight damage to fruit crops will result, but farmers declare that no other crop will be hurt.

## REQUISITION IS ISSUED
